

FOUND PET REGISTRATION

You MUST fill out everything with an (*) asterisk. We will only keep your found report for 30 days. At any time within the 30 days you decide you cannot keep the animal, contact PAWS to schedule a stray appointment. If the animal has not been claimed within that period you become the owner and can then keep, rehome, or vet the animal. Also, make sure you get a lost info sheet with websites to assist you in your search to reunite with the owner.
